Annual Reports for year 2000

D. Wayne Hedberg, Permit Supervisor
Minerals Reclamation Program
Utah Dept. of Natural Resources
Division of Oil, Gas & Mining
P.O. Box 145801
Salt Lake City, UT 84114-5801

Dear Wayne:

The accompanying report forms, etc. are in reply to your letter of Dec. 19, 2000 to Michael J. Pauletto-attached with a note, and our conversation of Jan.30, 2001 requesting a delay in filing the reports.

There are four mines/sites involved. All are under the ownership of Mr. Pauletto, and all with the same operator, Michael Cates of Interstate Rock Products. One of the four properties is a proposed millsite (SO30061). There was no activity on this site during 2000 and it is dropped from consideration.

If there is anything further you may require, please advise.

Thank you for your consideration on this matter.

Yours very truly,

Richard F. Riordan
